Consider a Career in the Transportation Field

The Transportation industry is fast-paced with on-board computers, self-diagnostic capabilities and ever-evolving parts and systems. Automobiles have never been more advanced. A trained technician with the right skills will be in demand and on track for a rewarding career with huge growth opportunities.

Automotive Technicians are in high demand, but there is a lack of trained professionals to meet this demand. JSRCC offers hands-on education in a certified training facility.

The transportation programs at J. Sargeant Reynolds Community College are designed to provide students with the knowledge and skills necessary to obtain full-time employment upon completion of their program of study.
