**Spring 2012**

Dear Nurse Aide Applicant,

Thank you for your interest in the Nurse Aide Program. Caring for others is a wonderful opportunity. Knowing that you have made a difference in someone's life is a very rewarding and satisfying experience. The field of nursing is a very challenging one. Entering this field at the nurse aide level will enable you to explore the realities of nursing and help you to decide if this is the career choice for you.

This packet provides you with information about the class, how to register, tuition, national exam, and related costs.

### **What this class provides you**

In this class you will gain the knowledge and skills to be able to care for those whose lives depend on others in order to meet their daily needs. There are many opportunities for certified nurse aides today. The areas of employment include long-term care facilities, hospitals, and home health agencies. Success in this class will provide you with both the knowledge and practical skills required to be successful on the national exam as well as provide you with the skills to become a good employee in a long-term care facility, hospital, or home-health agency.

The course runs for eight (8) weeks. On the attached pages, you will find each scheduled session and I hope one will meet your needs. Please choose the one schedule that you prefer and register for that section listed. Remember that the first day of class will be scheduled at the Downtown Campus (DTC) and you will find the room in which to attend class at our website: [www.reynolds.edu](http://www.reynolds.edu) under the Schedule of Classes. Mark your calendar for the first day of class as you will not want to miss it.

*Anyone not present for the first two (2) sessions of class must drop and take the class at a later date.*
